

6S / S COMPACT

RANCILIO

coffeeing the World

CLASSE 6 S / S COMPACT

Versatile and essential

The semi-automatic control of this version makes it an extremely simple machine to use and reliable in all situations.

1 COMPACT [only for 2G] The compact model, available with 2 groups, has the same potential, but in a smaller housing unit (570 mm), allowing it to be positioned even in restricted spaces.

2 CUP WARMER The electric cup-warmer allows cups to be kept at optimal temperature, a vital factor in the quality of an espresso coffee.

6S . TECHNICAL FEATURES

Technical Features

independent heat exchangers

electric heating

incorporated volumetric pump

boiler pressure gauge
